Kanawana

August 4,1940.

Kanawana Melody by Frank Sharpe

Kanawana's hills and lakes, its trees and sunset glow;
Its murmurs of the day and night in never ending flow;
Its fireflies like low stars of night, its meal time din and stir;
Its rains that spatter of tent flies and mosquitoes whining burr;
Its song and chatter, fun and games, its chapel mid the trees;
Its moonlit shores, canoes and boats, and myriad sights like these;
And, best of all, its lasting friends that campers brought and brings ---
Are like a melody of joy that Kanawana sings.

LIFE SAVING

One of the most useful classes in the camp is the Royal Life Saving. The Seniors have been very active in learning this art and all have benefited greatly. The experience gained through this study and practical knowledge is a great help to campers as well as future councillors. Any boy over twelve is urged to attend the various life saving classes under Doug Fairbairn and Tom Hardwick. A number of Juniors are already enrolled in a class. Doc Persaud and other staff members expect to join classes this week..... HOW ABOUT YOU?

The aims and objects of the Royal Life Saving Class are -

(1) To promote technical education in life saving and Resuscitation of the apparently drowned.
(2) To stimulate camp opinion in favour of the general adoption of swimming and life saving as a definite branch of instruction for every camper.
(3) To encourage floating, diving, plunging and such other swimming arts as would be of assistance to a person endeavouring to save life.

On Monday morning Doug Fairbairn will recompence the very popular NATURE STUDY CLASS. One of the most enthusiastic groups in camp this class has accomplished a great deal and the boys are very eager to start again. All those interested in the science of living matter are cordially invited to attend Doug's classes. The first class will commence at 9.30 a.m. Monday.

JUNIOR NEWS

REGATTA - On Friday afternoon the Junior Section held a boating canoeing regatta. A large group of enthusiastic campers turned out for the events. Those who turned in outstanding performances were Dan Durand, John Orr, Vince Prichard and the Setlakwe brothers.

BASEBALL- On Tuesday an exciting baseball game was played on the back ballfield. Stephen Ellis' team lost a hard fought game to the team of Dick Pricher. John Weston was outstanding for the winners. The losers blamed the defeat on the umpire. A return match will be played as soon as possible.

SWIMMING- During the last week the heats for the "across the lake" swim were held. Stan Christie won the first heat with a time of two minutes and thirty seconds. John Birkett was second. In the second heat E. McCutcheon nosed out Marcil Gregoire. His time was two minutes and thirty-five seconds. The finals will be held this week and better time will be expected by the finalists.

CAMPING - On Wednesday morning seven hardy Junior campers, Wally Little and Ed Raaflaub braved the wilderness and forced their way through to "DEATH VALLEY". Here the boys feasted on berries before returning in time for general swim.

On Thursday a large section of Junior camp moved to SUNSET ROCK to spend the night. Tents one, six and seven went across the lake, as well as parts of three and eight. Roaring fires were built and appetizing meals were cooked. On Friday Tents three and eight went to SUNSET ROCK to spend the night. Tent four spent the same night at FAREWELL ROCK.

The following letter has been found in the Junior Section. Will the writer please call at the office to claim it.

My dear Oozy Ishy Mother:-

When are you coming to see me? I am very homesick. Please bring me six or seven watermelons. Do you think you could buy me some sky hooks and rubber tent pegs? They don't seem to have any in camp. My leader (Don) is a dear fellow and oh so handsome. What I like best about camp is when Ed Raaflaub and Earl Reid come round at night to tuck me in and kiss me good night. Eds face is rough and scratchy, but Earl's is nice and soft. He goes around with all the girls at Guindon.

Love & Kisses,

A. M. E.

The Doctor was attending Bob Robinson the other day when he caught a cold.
"Did your teeth chatter when you felt the chill coming over you?" asked the Doc.
"I don't know Doc", was the reply, they were lying on the table.

Ed was sitting in the Ritz when Earl came in and showed him a new hunting knife. He said he found it in the street.
"Are you sure it was lost?"inquired Ed.
"Of course it was lost". I saw a kid looking for it replied Earl.

JUVENILE NEWS

Boxing Ring Completed

This week several young Juveniles, looking ahead to a pugilistic career were seen to be battling their way to fame against equally enthusiastic opponents. Under the capable guidance of Norm Brown the advance in fighting technique is expected to be very great and the large class is the first step towards this end.

Baseball League Formed

This week as the result of many loud clamors a baseball league has been formed in the youngest section with three teams fighting for top honours. G. Booth, J. Hammond and Bill Melrose are heading up the respective teams and are backed by baseball enthusiasts from every tent and cabin. This promising league is only another feature of the active Juvenile programe.

Off On Their Own

Two tents in Juvenile section have now adopted a new system of living. Under this system they live almost entirely on their own. There leader is responsible only for patrol and morning dip and at their table. Otherwise they are completely free. This system was put forward by the groups concerned and it was decided that it be given a try. It came about last Wednesday as a result of a strike by twenty boys. If this system works it will benefit both boys and leaders.

Armstrong & Rolland

Two Juvenile leaders are now on duty taking out four day hikes and one has been taken out already. In the future when there is more freedom it is hoped that these regular week-day hikes will prove increasingly popular.

The promotion of Tom Hardwick to Aquatic Director will be appreciated by all the campers. It will be noted that there are other former Juvenile leaders now on the staff. Let us hope that the future may be as prosperous for coming generations.

SENIOR NEWS

REGATTA- Seniors held a fast and furious regatta on Friday. Teams of rowers, canoers and swimmers represented each tent in the competition. Tent two won, with eighteen points; tent three was next with thirteen; tent one had ten points and tent four limped home with three points. Poole from tent two won the rowing singles, beating Besner and Savoy. Besner and Maillet with Savoy as cox won the rowing doubles for tent three. Crombie and Gordon Smart of tent two won the canoe doubles. Bill Reade won the free style race in a starry splash of the best Seniors. Gordon Smart and his partner Ross Poole won the life saving contest. T. Lawson was disqualified because his partner sunk. If anybody finds the body flooting around please report to Senior section; they are somewhat worried because the corpse had Bob Robinsons false teeth in them.

If you can't find anybody in Senior section next week don't be alarmed. The quarantine has been lifted. They will be cut on three days hikes and canoe trips. The boys are really keen.

The winning tent of Senior section last week was Tent three. Under the leadership of Fred Weiner this group worked as a unit throughout the whole week. It is hoped that there will be more tent competition in the Senior section, for the rest of the year.

The other night Charlie Hazen fell asleep with the earphones still on. He woke up about two o'clock and has had a buzzing in his ear ever since.

The other night at Senior camp fire, Charades were a feature of the programe. The payoff came when a couple of fellows got the Doc and pushed him two and fro. The solution was Rockerfeller.

WEEK ENDER
(Uncensored.)

Things we would like to see at Kawana

Bob Robinson without his moustache.

Doc. Persaud to lead a camp yell.

Doug Fairbairn to fast for three days.

Farky to go one day without saying a word.

The Chief in short pants.

Tom Lawson not asking campers to be in a Saturday night programe.

Ed Raaflaub's nightie fluttering from the flag pole.

A camera club.

Girls Girls Girls Girls

Flit The Flea

(Editor's note: Flit the Flea is our special correspondent who hops around from chest to chest and digs up the low-down on certain people.)

Don't believe it if you don't want to, but while hiding in Mr. Smee's hairy bosom to get away from Jack Liddy's flea sprayer, I heard a rumour passed that Chief Kolah's knee might put him out of the running in horse shoe pitching. Possibly the Doctor said this - if so it is to be hoped that the Doc was not pulling his leg.

Then I hopped on to the mighty forest of Ernie Stabler and it took me several hours to find my way out. Ernie was laughing at Snoop and Peep's latest discovery, Farky's letter. He was telling Tom Lawson about how Farky should have a nice time at camp, and not work to hard.

Through The Keyhole
- by Snoop.

We would like to know where Tommy (Snookums) Lawson went last week with two of Morin Heights' most beautiful belles. (He was seated in the back of a car very comfortably between them when we last saw them).

We would like to know what is the real name of the sweet young thing who writes "Dear Keith (alis Farky)", and what she meant when she said, "I'll never forget, Keith, how sweet you were that night at Joan's."

The Seniors would like to know if they could not help the camp financially by sleeping in during breakfast hour. (Bless their hearts.)

Doug (Fairbairn) would like to challenge anyone in camp to a game of chess - - - but not chess now.

COMING EVENTS

Tuesday All camp corn roast.
Wednesday Just think girls we will be out of quarantine.
Coming soon Minstrel show.
Hobo night.
Boxing tournment.

STOP PRESS

The Seniors beat the Chief and the Doc in a game of horseshoes. The usual one sided return match will be fought.

Juvenile leaders beat Junior leaders Saturday night to the tune of nine to seven at baseball. Of course it was the Umpire's fault.

Campers will be pleased to learn that Roby Kidd is now well installed in his new position in N.D.G. Y. M. C. A.

Guess what! Ross Seaman is an Uncle.

FLASH: E. McCUTCHEON WON THE ACROSS THE LAKE SWIM. TIME 2.23 seconds.
